Aloha! My name is Candice Olores-Prevatt, and I proudly serve as the Treasurer of our club. With over 18 years of experience in nonprofit leadership across various local and county-level organizations, I bring a deep commitment to fiscal responsibility and community service. I believe that living a life of service is one of the most meaningful ways to give back—especially to our youth.

Currently a stay-at-home mom, I dedicate my time to volunteering with DYSC, serving as the Corresponding Secretary on the Sunrise Elementary PTA Board, and shuttling my daughter to her many sports practices. I've had the honor of supporting schools, youth sports, and community programs in several states, following my husband's military and civilian assignments across the country.

My journey as a volunteer began as a Team Mom—an experience that sparked a passion for giving back. From there, I stepped into leadership roles on my home island of Kauai, serving as Secretary and eventually President of the Waimea Bluejays Baseball Association. I also held the position of Secretary for the West Kauai Youth Baseball Association at the county level, until our relocation in 2016.

After moving to the mainland, I became deeply involved in school and sports organizations in multiple states, including serving as Varsity Team Coordinator for St. Augustine High School Football Boosters and holding PTA leadership roles in Illinois, California and Florida. Each opportunity has helped me grow and further reinforced the importance of strong, connected communities.

Before dedicating myself full-time to my family and volunteer work, I managed my family's local chain of sports bars. I'm the proud mom of four amazing children—Jacob, Annabelle, Raidon, and Mino. I'm also a proud supporter of the U.S. Armed Forces. My husband is a Navy veteran, and our oldest son is currently training as a Navy pilot.

Serving our community is both a privilege and a passion. I'm honored to contribute my skills and energy to organizations that make a difference.
